STEPS

6 Steps to Creating Your Perfect U-Channel

Step 1- CHOOSE YOUR CASING

Easy-U can be produced with any choice of casing up to 4" wide. Choose from MDF, Finger-joint pine or solid wood. All Styles!

Step 2- CHOOSE YOUR DOOR

Select from any brand, style and size. We have an Easy-U for all doors: 6'/8", 7'/0, 8'/0... Solid core, hollow core, rail & stile and more. Thickness of 1-3/8" or 1-3/4".

Step 3- CHOOSE YOUR HINGES

All Easy-U's include the prep and installation of hinges. (3x3x5/8R) Available in: brass, antique nickel, satin nickel, antique brass, satin chrome, oil-rubbed bronze, polished chrome, and black.  
NOTE: Our standard 6'/8 doors are 2 Hinges, 7'/0-3 & 8'/0 = 4  
You can also select different size and styles of hinges 3-1/2", Steeple tipt

Step 4- CHOOSE YOUR DOORSTOP

Choose from many styles of doorstop available, such as Colonial, Square or Beve

Step 5- CONFIRM 'JAMB WIDTH'

Are you covering a 2x4, 2x6 or other? This is very important to ensure a perfect fit over your existing wall. Easy-U's are available up to 12".

Step 6- CONFIRM 'HANDING' + 'MACHINING'

They are either a "LEFT" or a "RIGHT", "DRILLED" or "NO-DRILL".
